

2 Day Corporate Training

Skill-Lyft

Financial Reporting: Implementing IFRS 18 for 2027 Compliance

Financial reporting is entering a major transition. IFRS 18 becomes effective on 1 January 2027, but finance teams cannot wait until then to prepare. This two-day course helps participants understand the practical impact of IFRS 18 and what organisations must prepare before the standard becomes mandatory. It covers new presentation requirements, classification rules, notes, Management Performance Measures, and broader process implications for finance teams.

WHAT YOU WILL LEARN

- ✓ Understand the full scope and objectives of IFRS 18
- ✓ Apply IFRS 18 requirements to financial statements
- ✓ Classify income and expenses under the new presentation model
- ✓ Prepare for changes to notes and financial statement disclosures
- ✓ Understand Management Performance Measure requirements
- ✓ Identify system, process and internal reporting changes required before adoption

WHO SHOULD ATTEND

- Financial Controllers and Finance Managers
- Accountants and Senior Accountants
- Internal and External Auditors
- Corporate Reporting Specialists and FP&A Professionals
- CFOs, Finance Directors and Compliance Professionals
- Risk, Governance and ERP Reporting Teams

LEAD TRAINER

Thomas Egan

**Financial Reporting, Accounting Standards
and ESG Reporting Trainer**

Thomas Egan brings over 30 years of global experience in designing and delivering accounting and finance training programmes for professionals and organisations. He is a member of ISCA, CPA Australia and ACCA, and is also a licensed US CPA. His background includes 25 years in technical accounting roles across a Big 4 firm, an international bank and advisory work for the aviation sector. He also holds the CFA Certificate in ESG Investing and helps participants translate complex reporting requirements into practical application.
